

This exploded view diagram illustrates the assembly of the HPOT 1000 power supply unit. The components are numbered 1 through 20, indicating the sequence of assembly. The main chassis (1) is shown with various internal components like the transformer (2), capacitors (3, 4), and other electronic components (5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19) being installed. A separate view shows the front panel (10) being attached to the chassis. A detailed view of the internal components is provided, showing the transformer (2) with its primary and secondary windings, and the capacitors (3, 4) with their respective ratings. The diagram also shows the internal components (5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19) being installed into the chassis. A detailed view of the internal components is provided, showing the transformer (2) with its primary and secondary windings, and the capacitors (3, 4) with their respective ratings. The diagram also shows the internal components (5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19) being installed into the chassis.
