

This technical drawing is an exploded view of a vehicle chassis assembly. It shows the following components and their assembly sequence:

- Engine and Transmission:** The top-most assembly, shown in an exploded view with the engine block and transmission housing.
- Engine Mounts:** Components 1, 2, 16, 17, and 18 are shown as part of the engine's mounting system.
- Chassis Frame:** The main structural component, labeled 14(REF) at both ends.
- Chassis Components:**
 - 13:** A bracket or support component located on the side of the frame.
 - 14:** The main chassis rail or beam.
 - 15:** A component, possibly a shock absorber or suspension part, located at the rear of the frame.
 - 16:** A component, possibly a shock absorber or suspension part, located at the front of the frame.
 - 17:** A component, possibly a shock absorber or suspension part, located at the front of the frame.
 - 18:** A component, possibly a shock absorber or suspension part, located at the front of the frame.
- Assembly Sequence:** Indicated by a curved arrow labeled "TO 'A'" pointing towards the right side of the diagram.
- Other Callouts:** Numbers 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12 are also present, likely referring to other parts or steps in the assembly process.
