

This exploded view diagram illustrates the assembly of a 100W LED lighting fixture. The components are numbered as follows:

- 1**: Main rectangular housing plate.
- 2**: Small diamond-shaped decorative or structural insert.
- 3**: Longitudinal side rails.
- 4**: Front and back rectangular panels.
- 5**: Thin horizontal support or spacer bar.
- 6**: Longitudinal side rail (opposite side).
- 7**: LED light module with a heat sink.
- 8**: Mounting bracket or clip for the LED module.
- 9**: Screws for securing the LED module.
- 10**: Screws for assembling the housing panels.

The diagram shows the internal components, including the LED module and its associated wiring and heat management structures, positioned within the housing frame. Dashed lines indicate the alignment and assembly sequence of the parts.
