

This exploded view diagram illustrates the assembly of the refrigerator door. The main door panel is shown with various components being attached to its top and side edges. On the left side, two cylindrical components (19) are shown being attached to the top edge using screws (108). A long, thin component (111) is shown being attached to the top edge using a screw (112) and a nut (109). On the right side, a component (110) is shown being attached to the top edge using a screw (109) and a nut (109). At the bottom, a component (113) is shown being attached to the bottom edge using a screw (109) and a nut (109).

Revision : K-1748-D
